NeXtep®

# NeXtep®

Take the next step to providing the safest, most ergonomic stool possible. Safer, more stable and more durable, the NeXtep's design and 10 year warranty makes traditional footrings obsolete. Add NeXtep® to your lab or counter height stool and you immediately upgrade the environment. The NeXtep® will also retrofit to existing stools for an immediately upgrade to broken down rings.

NPS5500-R18

## Features/ Benefits

- 3 Fixed heights (8", 10" and 12") provide maximum stability
- Offered in 2 or 3 step combinations of heights
- Wide, textured platform surface provides safe, comfortable support for feet and legs
- Depth adjustable to 13", 15" and 17"
- Supports up to 400 lbs
- Safe and easy entry and exit of stool
- Locking casters or glides
- 360° rotation around the stool for easy positioning
- Fits most other stools, and retrofits to upgrade existing stools or replace broken footrings
- Part of the Stand/Sit™ N-tune® System
- Call or email NP ([cs@neutralposture.com](mailto:cs@neutralposture.com)) to discuss best models for your applications
- US Patent # 7,036,886
